National Service Projects

ICHEC's National Service provides three different project classes (A,B,C) with differing resource allocations.

Class C (Discovery):

- The smallest project class.
- Normally used for benchmarking which will determine the next steps.
- On a rolling call.
- Reviewed by ICHEC staff.

Class B (Regular):

- At most 10x larger than a class C.
- Would be the normal type of project.
- On a fixed call.
- Reviewed by Irish researchers in the same field.

Class A (High Impact):

- 10x bigger still .
- Have the greatest scrutiny.
- On a fixed call.
- Reviewed by Irish researchers in the same field.
